About Us

About Us

Bit68 is a software house that aims to deliver cutting edge technologies that fit the client's needs. The Bit68 team is a small team that usually focuses on a small number of projects which guarantees minimal development time as well as a great customer experience. Bit68 offers their clients multiple options to fulfill their targets according to their budget.

What are you waiting for get started now and make use of our mind opening pre-sales meeting.

What we actually do →

We are a software house, that's not just a software house. We are an innovative technology & design studio. ✨

Our team of designers, engineers, copywriters, and strategists build websites, apps, and products that bring businesses to thrive. We create unparalleled digital experiences and world-class websites, you might have seen our work on Okhtein or Maison Pyramide's websites.
